14th Warwicks
21st Nationals
28th WA 900

December

5th Nationals
12th Short Metrics
19th Xmas
26th Nationals

Assembly is 30 minutes before the start time for the round to give time to setup the field. Archers arriving late for assembly will have to fit in with the field.²

[For longer rounds \(12 dozen\) assembly is at 10:00 for a 10:30 start.](#)

[For afternoon shoots \(ie rounds of less than 9 dozen\) assembly is at 13:00 for a 13:30 start](#)
[For rounds of nine dozen assembly is at 11:00 for an 11:30 start](#)

We normally setup on the right of the field to leave space, if possible, for beginners or archers doing tuning or free practice on the left. Priority is always given to those shooting the day's round, so it may on occasion not be possible for any tuning or free practice.

¹ In Winter months some rounds of less than 9 dozen are shown in Green Italics as less daylight in this season means they need to start at 11am.

² For those new to archery a basic introduction to these rounds can be found in the Tonbridge Archers Handbook. The full detail is contained in the Rules of Shooting on the Archery GB website.
